Ribera del Duero

Wine Making
The grapes for our rose are harvested early and we use the saignée method to ensure that the fruit and aroma flavors persist. Through all phases of the process we are respectful of the environment, from sustainable viticulture to the winemaking process in the cellar.

Not cold stabilized.

2,300 bottles

Tasting Notes

Watermelon color with violet glints.

On the nose, a mineral base with strawberry and white floral aromas.

On the palate, elegant with a fresh light finish due to the good acidity.

Ideal wine for pairing.
